Age Groups

Contestants may enter as many categories as desired but each routine must be different. The same contestants cannot compete more than once in the same category and age group in solo, duet/trio, or group routine.

AGES ARE AS OF JANUARY 1st the average age determines the age division into which you compete. Add all of the ages of the contestants in the routine and then divide by the number of contestants. THIS AVERAGE MUST INCLUDE ALL PERSONS APPEARING ON STAGE AT ANY TIME DURING A NUMBER. Drop the decimal point when averaging ages (an average age of 15.9 would compete in the Teen (ages 13-15) division. You must compete in the average age of which your routine falls. Additionally if a protest regarding age arises all competitors must be prepared to provide proof of age. All protests must be presented in writing within 30 minutes of the incident and presented to the Director or Host of Star Talent Productions. All protests must be signed. In the event a protest regarding age occurs, we will require this proof. Please make sure to bring proof of age with you to the competition. Names along with ages and birth dates must appear on the entry form.

Nationals: If there are any substitutions of any performers for nationals, the ages must then be recalculated and the group must then compete in the age division for which they fall.

Our bump rule states that duet/trios or groups including dancers of different age divisions will compete no more than one age division younger than the oldest dancer, regardless of average age. For example: if a group includes a dancer age 16 (senior) and the average age is 11 (junior), the group will compete one level above junior – age 13 (teen)

Solo's (1 Dancer) Time Limit 3:00

The average age cut-off for all solo routines is January 1st, of the competition year.

The same soloist may not place more than once for Overall High Score, the highest score will be used

For Dancers with Multiple Solos: A Grand Solo Award will be presented to the dancer with multiple solos based on the highest average of all solos performed by that participant at that event

TITLE DIVISION Star Talent will be offering a titles competition incorporated into solo competition (Title contestants must compete a solo, a 2nd separate performance is not required. Additional information will be released to studios at regional events.

Duo's / Trio's (2/3 Dancers) Time Limit 3:00

Add the age of each dancer as of January 1st and divide by the number of performers. If there is a decimal place, it is removed. For instance, for a Duo with a 14 yr old and a 15 yr old, the calculation would be 14.5 yrs. The ".5" is dropped and the age for the routine would be 14 and perform in the Teen Division.

Group's Time Limit 4:00 PRODUCTIONS 10:00

(Small Group 4-9 Dancers, Large Group 10-19 Dancers, Line 20+ Dancers)

Add the age of each dancer as of January 1st and divide by the number of performers. If there is a decimal place, it is removed.

PRODUCTIONS are all one level. High Scores will be awarded in the 12 & Under age division and the 13 and over age division

Mini: 6 and Under
Petite: 7-9 years
Junior: 10-12 years
Teen: 13-15 years

Competitive Divisions

When you update your studios participating dancers ~ you will now be asked to assign a level to each individual dancer. The system will then assign leveling for each routine you enter based on the majority level of the dancers in each entry. In the case of an equal number of dancers from different levels the default is to the higher level.

Star Talent Productions has three (3) competitive levels: Excel (beginner), Extreme (intermediate) and Elite (advanced). Please be honest and use your teacher discretion when entering competitive levels. We strive to run a fair competition and need your assistance in being fair with entries. Please look at the level of a routine when entering, Triple Pirouettes, Group Switch Seconds, and advanced Fouette combinations do not belong in the Excel Division. A student of this caliber should bump up to at least the next competitive level to dance with dancers of like ability.

Competitive Divisions should be entered based on the total time a student spends in a learning environment, not only on the amount of time spent on the entered routine. This includes all class time and private lessons.

Excel: This level is for recreational students, those who only take class or practice in an instructional situation less than three (3) hours per week. This includes all solo*, duo/duet/ trio times, as well as weekly practice time in addition to classes. If 50% of the group dances more than three (3) hours a week, then the entire group should be entered into a higher division. Dancers in the Excel Division should perform in no more than 5 routines.

Extreme: This level is for students who take class or practice in an instructional situation less than six (6) but more than three (3) hours per week. This includes all solo, duo/duet/ trio times, as well as weekly practice time in addition to classes. If 50% of the group dances more than six (6) hours a week, then the entire group should be entered as Elite. Also, dancers chosen to perform in 6-9 routines will be considered at least Extreme Level.

Elite: This level is open to any and all participants. It is designed for dancers who take more than 6 hours of instruction per week. This includes solo, duo/duet/trio, and weekly practice time in addition to classes. Also, dancers chosen to perform in 10 plus routines will be considered at least Elite Level.

PRODUCTIONS are all one level High Scores will be awarded in the 12 & Under age division and the 13 and over age division, providing there are at least 3 routines in each age division. If there are not 3 in each, ONE HIGH SCORE will be awarded to all Production Routines combined (12 & Under and 13 & Over)

Star Talent Productions Staff and Judges reserve the right to move any routine level accordingly. Dancers Must Compete in the Same Level at Nationals as They Compete in at Regionals.

Group exceptions may be made in the case of losing multiple students of a particular level in a group routine. The situations must be addressed with the Star Talent Director at the time for national registration.

Nationals: If there are any substitutions of any performers for nationals, the ages must then be recalculated and the group must then compete in the age division for which they fall.

Judging and Awards Contestants will be judged by a panel of competent judges, and all entrants agree that the time, manner, and method of judging the contest shall be solely within the discretion of the director of Star Talent Productions and that all decisions of the judges are final.

Temperature Checks

Temperature checks may be required upon entering the venue for staff, spectators and participants. Following the CDC guidelines anyone with a fever of 100.4 or above, will not be admitted.

Those that are high risk for illness should not attend this competition event.

Spectators Livestream will be available.

Spectators will be based on venue capacity regulations at performance time. Events may be limited to one (1) spectator per dancer. If we can permit more, we will increase our spectator limits. Wristbands may be issued to studios based on the number of registered participants.

Seating sections in our auditoriums may be assigned to each studio along with designated entry and exit points. Though cleaning will take place between sessions, we encourage all spectators to bring additional sprays, wipes and sanitizer for their personal area based on comfort level.

We ask spectators and dancers to only be in the auditorium as needed.

Face Coverings

Star Talent is asking everyone to wear a mask. Some venues will require all entrants to wear a mask. While we are assigning spaces to keep studios together and separate from others, this is an indoor area shared among many. Social distancing of 6 feet may always be difficult to maintain.

Dancers will not have to wear a mask while on stage. No points will be deducted for masks on the dancers. We will have a dancer's mask drop off area – a clean table backstage where dancers can remove (if they choose) their mask while performing. This table will be protected while they dance. Dancers can pick up their mask immediately upon exiting the stage.

Arrival and Dressing Spaces

Star Talent will ask that you not arrive any earlier than 30 minutes before your first scheduled event. Please be dressed and ready for your first act and limit belongings to only what is necessary. Please exit dressing rooms (all belongings) and Auditorium after your final performance during each session. The auditorium, dressing rooms and stage area will be cleaned between sessions.

Sanitation stations will be available for dancers entering and exiting the stage.

Event Schedules

If capacity regulations and auditorium configurations permit, we hope to run a hybrid event. We believe we can run a safe event while still allowing the dancers a fun competition event.

Please see sample schedules below.

Each Studio will have a dressing area, dancer holding area and an auditorium area assigned during group performances.

Time between routines will be very quick. We ask for studios to comply to this new competition set up and limit multiple hair changes or any unnecessary extremes. Any studio opting out of or limiting costumes changes is welcome without penalty. No points will be deducted for masks or other protective gear on the dancers.

Dressing areas will be assigned. During Group competition studios will have their own space.

Solo and Duo/Trio competition may be combined yet spacious dressing areas. Please arrive for solos, duets or trios dressed and ready.
